

Budding Orchardist

The DemoTuinNoord permaculture garden and Food Forest will celebrate the coming spring with a fruit tree pruning workshop.

Under the watchful guidance of fruit tree expert Joke van den Ban we will learn by watching and doing on the many fruit trees and berry bushes in our demonstration garden. During the workshop we will learn to prune and train the semi-dwarf apple, pear and plum trees, as well as our plentiful berry bushes, into traditional hedges and fruit fences known as espalier.

Workshop participation is free but RSVP is obligatory.
info@urbaniahoeve.nl

The workshop is Tuesday, March 25th from 11.00 -14.00 hours.
DemoTuinNoord, Berberisstraat 16, Amsterdam Noord.

Wij zijn URBANIAHOEVE. Boerend in de openbare ruimte sinds 2010.
